

ZT-CP2/AD

Addressable Call point

Complies with EN54 Part 11

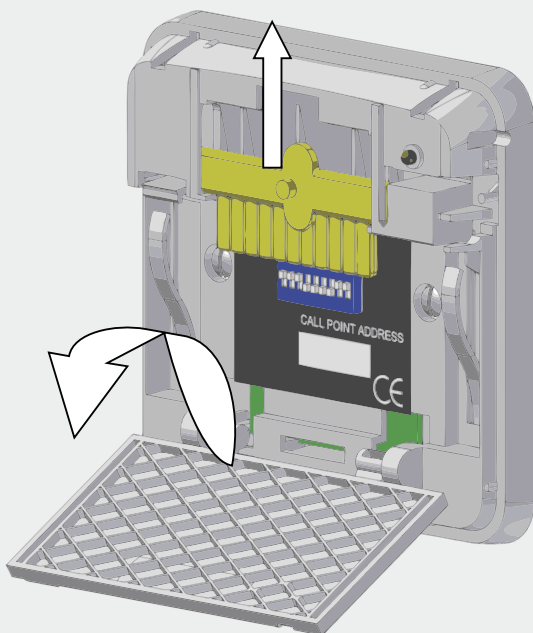

The ZT-CP2/AD is the latest addressable call point from Zeta Alarm Systems. It has a modern design, and has been built to EN54 part 11.

It comes supplied with a back box which has plenty of room for fitting the cables, and has 2 x 20mm knockouts for glanded cable entry.

It is a resettable call point that signals an alarm with a yellow flag entering the window area, and a red alarm LED.

It is available in 2 versions The CP1 version does not have the Perspex protective cover. The CP2 version has the protective Perspex cover as well as a “SNAPLATCH” catch that needs to be broken off before the call point cover can be lifted. This acts as a deterrent to malicious activations and allows double action activation.

MODEL	ZT-CP2/AD	ZT-CP1/AD
PART NO	43-305	43-306
INPUT VOLTAGE	17-33V DC	
ELEMENT TYPE	RESETTABLE	
QUIESCENT CURRENT	1.5 mA	
ALARM CURRENT	18 mA	
ALARM ACTIVATION	BREAK SNAPLATCH LIFT PERSPEX PRESS ELEMENT	PRESS ELEMENT
OPERATING TEMPERATURE	-20° C to 50° C	
MAX. HUMIDITY	95% RH N/C	
IP RATING	IP 43	
SIZE (WxHxD mm)	111 X 100 X 67	105 X 100 X 58
WEIGHT	198 g	175 g
