

The MP Light is a decorative, edge illuminated escape route and direction sign. Comprising of a brass finished base and suspended gear enclosure fitted with a clear legend panel. The legend panel is available to comply with the Health & Safety signs Directive of 1996, and for retrofit into extensions the BS5499 legends remain available. The unit is designed for chain suspension and brass effect chain is provided. Cable entry is by a BESA entry in the base. Complying with the requirements of EN60598-2-22 and suitable for incorporation into an emergency lighting system complying with BS5266-1:2005. The MP Light is available in white and chrome finishes which come standard with chrome chain/fixings. A recessed edge lit sign is also available see MPR Range.
