

# SLIM LED EXIT SIGN

This new LED exit sign is perfect for all interior applications. The slim design makes it blend into the decor and looks a modern alternative. Designed to be installed above doorways where you require as little to be extruding from the wall as possible.

Manufactured from sheet steel with a polycarbonate exit sign. With self testing control gear to ensure that tests are never missed, can be wired in either maintained or non-maintained mode. White finish as standard with others RAL colours available.

A range of ISO 7010:2011 legends available.
