- Built-in rechargeable battery (included)
- Bright long-life LED, no need to replace the bulb
- Low power consumption

DESCRIPTION OF COMPONENTS

ELECTRICAL RATING

Power: 220-240 Volts at 50Hz

Full charge duration: 48 hours

Continuous battery light duration: Over 4 hours

TORCH REQUIRES TO BE CHARGED FOR 48 HOURS PRIOR TO USAGE

OPERATION

Plug into any plug socket and set the switch to the "ON" position, the red "POWER" LED and green "CHARGE" LED will now be on. The night light will automatically turn on at dusk and turn off at dawn. When there is a power failure, it will automatically turn on the bright LED torch.

When the switch is set to "OFF", the night light and the power failure light will not function.

Re-chargeable handheld torch: Pull out from charger and set to "ON". Set to "OFF" to turn the light off.

Note: Replace the portable re-chargeable torch into the charger after use and always ensure that the green "CHARGE" LED is on.

CAUTION:

RISK OF ELECTRIC SHOCK, DO NOT OPEN!

Do not look directly at the LED light in operation to avoid injury to your eyes
