

Foam

Foam extinguishers are primarily designed for use on flammable liquid fires but can also be used on solid combustibles. The smaller units are ideal for inside the home or in cars and transport vehicles while the larger units are more often used in offices, shops, warehouses and factories. Our Foam range includes a 6L high performance version with an improved fire rating.

Key Benefits

- 5 year warranty
- Unlike some of our competitors, we use a UK manufactured foam which includes special corrosion resistance inhibitors.
- All except 1L version have passed the 35kv electrical conductivity test
- 6L version available in standard and high performance
- 6L and 9L versions are Marine Equipment Directive Approved
