

'SpeechPOD® SD Evolution' Weatherproof Voice Alert (Part No CSA-PODW)

Brand new for 2013

The weatherproof SpeechPOD enables all facilities to eradicate unwelcome smoking in and around entrance areas, especially in hospitals and office blocks.

Based on our new SmartWave® sound technology, messages are reproduced in hi-fi quality in any language, accent or dialect.

Designed To Ensure Smoke Free Entrances In All Facilities....

Product Features

- Plays any pre-recorded voice message in any language
- Select messages and program SpeechPOD via remote control from up to 6 metres away.
- Robust weatherproof IP54 enclosure houses all electronics and speaker
- On Board PIR detector operates up to 6 metres distance
- 4 x 'AA' Alkaline Battery or 6Vdc power supply operation
- Fully user programmable in any language, accent or dialect
- Up to 100 messages recorded on any Windows PC and copied to SpeechPOD's SD Card
- SmartWave® sound output in hi-fi quality at 95dB
- Message Auto—scroll facility allows multiple voice messages to be played in sequence
- Individual messages can be selected from the SD card
- Programmable time delays between messages from 30 seconds to 60 minutes
- External input facility allows door contacts to generate message play

"The features and flexibility offered by SpeechPOD SD Evolution are astounding for the price. Smoking in the entrances of our hospital has been a real problem for years, but this has been solved in a pro-active and non-confrontational way thanks to SpeechPOD".

"Please do not smoke In this area"
