

Voice Alarm identifies which danger has been detected

PRODUCT

10SCO

Combination Smoke and CO Alarm

DESCRIPTION

Battery-powered combination alarm that offers protection from the dual dangers of smoke and carbon monoxide in a single unit for added convenience – the voice alarm feature audibly announces which danger has been detected.

KEY FEATURES

- **Voice Alarm feature** tells you which danger has been detected even after the event
- **Peak level memory** provides notification (voice and LED) when dangerous CO levels have been previously detected
- **Front loading battery compartment** makes changing the battery easy and convenient (*right*)
- **Hush™ button** to temporarily silence nuisance alarms
- **Test/Reset button** to allow regular testing of alarm function
- **Battery operation** – 9V battery supplied as standard

WHERE TO USE

Designed to be wall- or ceiling-mounted, this battery-powered unit is perfect for when space is limited but protection is paramount. It can be used in most locations throughout the home but check in in-pack guidelines for specific installation instructions.
