A802BE

A803BE

ALPHA SIGURO MK-III ELECTRONIC SAFE RANGE

Tested to the prestigious European S2 security standard (EN14450 ECB.S Certified) giving a cash cover of £4,000 or valuables cover of £40,000*.

Tested at the DakS (Deutsche Akkreditierungsstelle) Test Facility accredited by the European Certification Body GmbH (ECB.S) and has achieved security level S2 and issued with Certificate Number 0906/SSC13-02A.

All Siguro MK-III Electronic safes are fitted with a high security VdS Class 1 SECU SELO-A electronic lock with time delay function, and have 3-way live bolt-work.

Each model comes complete with a removable shelf unit (2 adjustable height shelves in the A803BE).

Ready prepared for base fixing (Supplied with bolts for concrete floors).

Finished in a high quality scratch resistant Ral9005 black paint.

All Siguro MK-III Electronic safes come complete with a 2-year warranty.

Tested to European
S2 Security Standard
EN14450 and ECB.S Certified

Approved by The Association
of Insurance Surveyors

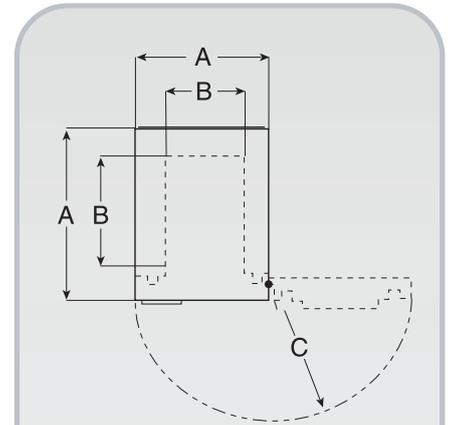

ALPHA SIGURO MK-III ELECTRONIC SAFE RANGE

ALPHA SIGURO MK-III ELECTRONIC SAFE RANGE

The Alpha Siguro MK-III Electronic Safes have been designed and tested to the latest and most prestigious European test standards for security protection, and have been approved by the Association of Insurance Surveyors (AIS) and given Certificate number 2014/001.

The lock fitted to the Siguro MK-III is a SECU SELO-A electronic lock, which has been designed to meet, and awarded VdS-approval, and complies with lock class 1 and ECB.S approval to lock class A. This lock is suitable for all applications of VdS-approved safes according to European Standard EN1143-1 up to resistance grade II.

The SELO-A lock allows for a maximum of 9 different users, using their own 6-digit secret codes. This allows for one administrator code and up to eight other users. The SELO-A can also be programmed to allow the lock to feature a time delay, which can be set for a time of anywhere between 0 and 99 minutes. The lock also features an external battery compartment eliminating the need for over-ride keys.

Dimensions stated as:

- A External height x width x depth
- B Internal height x width x depth
- C Door swing
- D Weight
- E Capacity / hooks

Alpha Siguro Electronic A801BE

- A 220mm x 350mm x 300mm**
- B 140mm x 270mm x 196mm
- C 315mm
- D 14 kgs
- E 7 litres
- F 1 Shelf

Alpha Siguro Electronic A802BE

- A 350mm x 450mm x 350mm**
- B 270mm x 370mm x 246mm
- C 415mm
- D 24 kgs
- E 24 litres
- F 1 Shelf

Alpha Siguro Electronic A803BE

- A 550mm x 450mm x 350mm**
- B 470mm x 370mm x 246mm
