#### Installation

Can be installed and operated in any orientation except permanently inverted.

## Handles

VdS No: G 189099

Batteries must not be suspended by their handles (where fitted).

## Vent valves

Each cell is fitted with a low pressure release valve to allow gasses to escape and then reseal.

## **Gas release**

VRLA batteries release hydrogen gas which can form explosive mixtures in the air. Do not place inside a sealed container.

#### Recycling

YUASA's VRLA batteries must be recycled at the end of life in accordance with local and national laws and regulations.
