

SW10 MAINS POWERED SMOKE ALARM

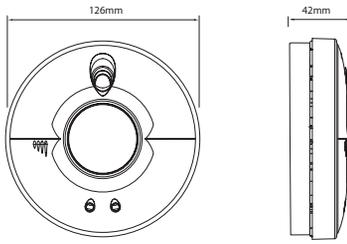

Sensor type	Optical Sensor
Battery type	Mains powered with 9V battery back-up

The SW10 is a mains powered smoke alarm with high performance optical sensor, Long Life 9V battery back-up. Optical technology reduces nuisance alarms.

- 230V mains powered smoke alarm 100mA max current
- Replaceable long life 9V lithium battery back-up
- Modern design style
- Optical technology reduces nuisance alarms
- Large central test and silence button makes weekly testing and silencing easy
- LED operating indicators – Power, Fault / Alarm
- Low battery warning indicator
- Multi-alarm interconnect up to 12 smoke (SW1 or SW10), heat (HW1) & CO (CW1) units – when one sounds they all sound
- Safety clip feature, to prevent installation of smoke alarm without battery installed
- 5 year warranty
- EN 14604: 2005

Technical Specification

Dimensions	126mm (diameter) x 49mm (depth)	
Model number	SW10	
Description	230V smoke with long life 9V back-up	
Technology	Optical	
Alarm sound level	85db at 3 metres	
Battery type	9V PP3 Lithium	
Operation AC/DC	AC	
Installation positions	Ceiling	
Operating temperature	5°C (40°F) to 38°C (100°F)	
Operating humidity	10% to 85% relative	
Storage temperature	5°C (40°F) to 38°C (100°F)	
Storage humidity	10% to 85% relative	
Warranty	5 years	
Approvals	EN 14604: 2005
